

COVID-19 Procedure Policy

While in our building we ask that everyone has a face mask on at all times if possible. Please practice social distance of 6 feet between each person. We realize it is only natural to express physical signs of sympathy however, please express condolences verbally.

Hosting events – We will only allow private events. (Gatherings, Viewings, Services, etc.). All our events will be private for family members and by private invitation.

We will enforce the event size that is recommended by the current research. We ask that the size of events are limited to 10 people at a time. If the number of attendants exceeds 10, we will ask guests to leave to reduce exposure. If the number of attendees does not decrease following our request, we will terminate the event.

We strongly recommend and encourage live streaming of any and all of the events. (Facebook live, FaceTime, Zoom, etc.)

We respectfully wish to serve our community and be a safe place for caring for our loved ones. Please respect our policy and help us help our community.

Sincerely,

All of us here at CALI HOME FUNERAL SERVICES
